KINGDOM OF SAUDI ARABIA

Integrated Contracting, Industrial & Technical Services

**Delivering Precision-Driven Execution Across Construction,
MEP, and Industrial Services**

Executive Overview

K.U.G.C – Khaled United General Contracting is a premier, Saudi-based contracting and industrial services organization. We are dedicated to delivering integrated, turnkey solutions across civil construction, MEP, specialized manpower supply, heavy equipment rental, and advanced technical services.

As a key contributor to the Kingdom's rapid development, K.U.G.C actively supports major industrial, infrastructure, and energy projects, aligning our operational frameworks with the strategic objectives of Saudi Vision 2030. We operate through a highly controlled execution model that combines rigorous in-house supervision with a vetted, qualified subcontractor network. This dual-layered approach ensures absolute control over project quality, stringent safety compliance, and on-time delivery.

Mission

To consistently deliver high-quality contracting, manpower, and technical services through disciplined execution, rigorous operational control, and an uncompromising adherence to international safety and quality standards.

Vision

To establish K.U.G.C as a leading, reliable, and scalable contracting partner, driving fundamental contributions to Saudi Arabia's industrial and infrastructure growth.

Core Corporate Values

Integrity

We conduct all operations with absolute transparency and accountability.

Commitment

We focus on building and sustaining long-term, mutually beneficial client relationships.

Quality

We are committed to consistent, precision delivery that meets and exceeds international standards.

Efficiency

We engineer our processes for timely, cost-effective execution without sacrificing excellence.

Safety

We foster a zero-compromise Health, Safety, and Environment (HSE) culture across all sites.

Comprehensive Service Portfolio

Construction & Infrastructure

Execution of comprehensive civil construction, major infrastructure works, complex structural works, and large-scale excavation and earthworks.

MEP Services

End-to-end installation, testing, and commissioning of mechanical, electrical, plumbing, HVAC, and fire fighting systems.

Power & Energy Solutions

Provision of main power supply for onshore and offshore sites, advanced electrical distribution systems, and rapid-deployment temporary power solutions.

Industrial & Technical Services

Specialized piping works (CS, SS, HDPE), precision equipment installation, and comprehensive support for plant shutdowns and turnarounds.

Testing & Commissioning

Advanced diagnostics including Meggar, Hi-POT, loop, lux, concrete, hydrostatic, and pneumatic testing, alongside specialized transformer (Winding, BDV) and circuit breaker testing.

Maintenance & Support

Delivering preventive and corrective maintenance across industrial facilities and MEP systems to ensure continuous operational uptime.

Manpower & Equipment Resources

To guarantee agile project execution, K.U.G.C maintains immediate access to scalable resources.

Engineering & Management:

We supply specialized engineers (Mechanical, Piping, Planning, HVAC, Instrumentation, Electrical, QA/QC, Safety, Construction) and experienced supervisors to oversee complex execution.

Equipment Rental Fleet:

We provide a comprehensive fleet of heavy machinery, including mobile cranes, heavy lifting equipment, forklifts, telehandlers, excavators, backhoes, boom/scissor lifts, generators, air compressors, and specialized industrial welding tools.

Logistics & Supply Chain:

We manage local and international material sourcing, rigorous supply chain management, and workforce transportation.

Skilled Industrial Workforce:

Our rapidly deployable workforce includes TIG/MIG/6G Welders, Fabricators, Millwrights, Instrument Technicians, Electricians, and heavy machinery operators.

Quality, Health, Safety, and Environment (QHSE)

Safety is the cornerstone of K.U.G.C's operational philosophy. We provide comprehensive site safety management, HSE support, and safety compliance implementation. Our operations are in full compliance with Saudi regulations, and our management systems are aligned with the highest global standards:

ISO 9001
(Quality Management)

ISO 14001
(Environmental Management)

ISO 45001
(Occupational Health & Safety)

Why Partner With K.U.G.C?

K.U.G.C brings highly experienced leadership across the construction, MEP, and industrial sectors, ensuring unmatched execution control. We stand out by offering a scalable, multi-disciplinary, one-stop solution that guarantees reliable execution and fast mobilization, all while remaining highly cost-effective and client-focused. As we look toward the future, we are aggressively expanding our footprint across the Oil & Gas, Infrastructure, Industrial, and Energy sectors.
